What is Fast CAT? Fast CAT is a timed straight 100-yard dash for dogs. Dogs are held at the start line – once readied, the coursing lure is activated prompting the dog to follow it, chasing it to the finish line and into a catch pen. The course is natural grass, completely fenced and dogs are run individually. Dogs are timed when they complete the 100-yard dash.

The time is converted to Miles Per Hour (MPH). FORMULA: $204.545 / \text{RUN TIME} = \text{MPH}$
Based on the dog's size at the withers, a handicap is applied, and points are earned: • 18" or greater = Handicap is 1.0 • 12" up to less than 18" = Handicap is 1.5. • Below 12" = Handicap is 2.0.
PLEASE INDICATE YOUR DOG'S HEIGHT OR HANDICAP ON THE ENTRY FORM
MPH X HANDICAP = POINTS (ROUNDED TO NEAREST 0.01)

Titles are earned at specific point levels and the highest suffix may appear after the dog's name:
BCAT = 150 points DCAT = 500 points FCAT = 1,000 points FCAT# = Each additional 500 points

Flat ribbons are awarded to dogs who complete the dash and rosettes to those completing a title.

Effective November 2024, exhibitors will enter online, determining their own hour time slot. Please be sure if you are entering more than one dog per hour time slot, to choose times far enough apart to give you time to crate your first dog and get your second dog. If you have more than two dogs, please place them in different hour time slots. Each dog will run each entered event concurrently.

You will need to be present 30 minutes prior to your hour time slot for roll call, dog inspection and measuring for height handicap. All dogs are expected to be current on vaccinations as required by law.
