What is the Fast CAT? Fast CAT is a timed straight 100-yard dash for dogs. Dogs are held at the start line – once readied, the coursing lure is activated prompting the dog to follow it, chasing it to the finish line and into a catch pen. The course is completely fenced and dogs are run individually. Dogs are timed when they complete the 100-yard dash. The time is converted to Miles Per Hour (MPH). FORMULA: $204.545 / \text{RUN TIME} = \text{MPH}$ $\text{MPH} \times \text{HANDICAP} = \text{POINTS}$ (ROUNDED TO NEAREST 0.01) Based on the dog's size at the withers, a handicap is applied and points are earned: • 18" or greater = Handicap is 1.0 • 12" up to less than 18" = Handicap is 1.5. • Below 12" = Handicap is 2.0. $\text{MPH} \times \text{HANDICAP} = \text{POINTS}$ Titles are earned at specific point levels and the highest suffix may appear after the dog's name: BCAT = 150 points DCAT = 500 points FCAT = 1,000 points FCAT# = Each additional 500 points

Entered dogs will be assigned an hour time slot and will be assigned by the secretary as entries come in. Each dog will run each entered event concurrently. If you have multiple dogs they will be placed in different hour time slot unless otherwise requested before closing date. You will need to be present 30 minutes prior to your hour time slot for roll call, dog inspection and measuring for height handicap. All dogs are expected to be current on vaccinations as required by law.
